

100% **Comfort** for whatever game you're in:

HIKER.

Not only are these Steel Blue boots perfect for work, you can also enjoy their 100% **Comfort** after hours.

Our Hiker range is proof that boots made to be functional and comfortable can also be attractive. All of these boots feature extra thick, soft padding with excellent ankle support and protection. They're extra helpful on rocky and uneven terrain so they'll handle most worksite surfaces. Yet step off the beaten track on your next long weekend and the same boots will do the job.
