- Colours: Black only
- Sizes: 4-14 (6.5-11.5 in half sizes)

TOUGH OUTSOLE

With either the Thermo Plastic Urethane (TPU) Outsole, or the Nitrile Outsole, our soling materials offer superior abrasion resistance. Both the TPU or the Nitrile outsole help reduce the build-up of excess static electricity, offering a level of extra protection against flammable materials. Nitrile is also oil and acid resistant, plus heat resistant to 300°C (572°F), so it takes 30 seconds before the sole reaches melting point. With either the Nitrile or TPU outsole, Howler soles are built to last.

FLEXIBLE & DURABLE

When the going gets tough, get into Howler. Tough, durable and always comfortable, they get the job done. No matter the conditions, Howler boots are tough enough. Are you?

Howler work boots are designed and tested in Australia. Made tough for tough conditions, these boots are perfect for mining and construction sites, plus oil & gas platforms.

- Durability guaranteed - 6 month warranty
- Meet international safety standards
- Extra thick footbed for extra comfort
- Double-density shock absorbing sole
- Double stitching for extra toughness
- Wide-fit toecap - comfort where it's needed

NO JOB IS TOO TOUGH FOR HOWLER

THE WORLD'S TOUGHEST WORK BOOTS

SIX MONTHS MANUFACTURER'S WARRANTY

With any boot you choose from the Howler range, rest assured you're safe. Designed and built to match international safety standards, each boot is crafted with care. So with absolute confidence, we offer a 6 month manufacturer's warranty on every pair of Howler boots sold.

Full warranty conditions are provided with the footwear at time of purchase or can be seen at www.howlerboots.com

HOWLER

TOUGH BOOTS™

18 Irvine Drive, Malaga, Western Australia 6090
P.O. Box 2320, Malaga, Western Australia 6944
